**WALL STREET EDITOR ARRESTED ON CHARGE OF CRIMINAL LIBEL**

Mine Company's President Says John R. Burton Tried to Extort \$5,000 From Him.

John R. Burton, one of the assistant secretaries of the Democratic National Committee and owner of a Wall Street newspaper called the New York Curb, was arrested to-day following an indictment on charges

Ask for GOLDEN'S Olives

of criminal libel and extortion. He was arraigned before Judge DeLoach in General Sessions and held in \$2,000 bail for trial. Guy Loomis, business manager of the publication, was also arrested and held in \$1,000 bail.

L. A. Friedman, President of the Rochester Mines, Lovejoy, Nev., is the complainant. The indictment charges that in January last Friedman was asked to call at the office of the Curb, No. 25 Broad Street, to express his thanks for the publication of articles praising the Rochester Mines Company.

"I saw Mr. Burton there," Mr. Friedman testified before the Grand Jury, "and he asked me to contribute \$5,000 to his paper. When I replied that I never thought of spending that amount of money with any one paper for publicity he told me I was getting off cheap."

"He then started telling me about brokers and others whom he had put out of business through his paper and had made up his mind to get after me."

Mr. Friedman said he was subsequently waited upon by Loomis, who told him that Mr. Burton was desirous of seeing him.

"Burton that afternoon," continued Mr. Friedman, "came to my hotel and wanted me to advertise my brokers Foster & Wattenberg, and when I told him Mr. Foster had declined to advertise in such a paper Burton told me he would get after Foster and drive him out of business."

Mr. Friedman alleged that because of his refusal to pay money to Burton and Loomis, the Curb published attacks on Foster and Wattenberg and also on him, which attacks have affected the business of the Rochester Mines Company.

**BOY ROMEO SHADOWED 13-YEAR-OLD JULIET**

Magistrate Sends Sixteen-Year-Old Youth to Bellevue for Examination.

Louis J. Mazzio, sixteen years old, of No. 466 Concord Avenue, the Bronx, was committed to Bellevue by Magistrate Breen to-day when the mother of Dolly Hoffman, thirteen years old, of No. 529 Trinity Avenue, made her second complaint regarding his loitering to her daughter. Magistrate Groch had dismissed a previous complaint on the boy's promise to stop copying model love letters from a book and sending them to the little girl.

Young Mazzio sent a letter to Mrs. Hoffman Monday saying he was aware of the little girl's movements and would know if she accepted the attentions of another. He told the Magistrate he had subscribed to a correspondence school for detectives, sending \$10 to C. T. Ludwig of Kansas City for ten lessons, with a guarantee of employment as a street railway detective when he completed the course. He was practising on Dolly Hoffman, he said, and sending complete reports of her movements to Ludwig.

"What do your parents think of this course?" asked Magistrate Breen. "They think I am crazy," said the youth.

"So do I," said the Magistrate.

**URGES STRIKERS TO STAND.**

60,000 Garment Workers Ready for a Long Siege.

Nearly 2,000 striking garment workers attended a meeting to-day in Stuyvesant Casino, No. 110 Second Avenue, and were addressed by President Schlesinger and others. Mr. Schlesinger urged the strikers to stand together in the fight they are waging. He said the union has better chances now of making itself felt than in 1910, when it had only 4,000 members and the strikers had to fight not only the employers but also the police and armed guards.

The union now has 60,000 members, all of whom have paid up. Mr. Schlesinger prophesied that the present strike would be longer than that of 1910, when some of the employees were out thirteen weeks.

Ingramham Ready to Work as Assistant War Secretary.

WASHINGTON, May 8.—William M. Ingramham of Portland, Me., to-day took up his duties as Assistant Secretary of War, succeeding Henry Breckinridge, resigned.

**3,000 CARPENTERS REVOLT.**

Refuse to Return to Work for Less Than 60 Cents an Hour.

Three thousand carpenters of this city repudiated to-day an agreement signed by W. L. Hutchinson, President of the International Brotherhood of Carpenters and Joiners, with the Building Trades Employers' Association Saturday providing for wages of \$5.25 a day to take effect July 1 and \$5.50 a day to take effect Sept. 1. At a meeting at the Central Opera House, in East Sixty-seventh Street, the carpenters voted to remain on strike for 60 cents an hour for an eight-hour day. There will be a meeting of the district council of the union to-day to discuss the tactic.

Five hundred employers have settled with striking painters. Members of the union said that all differences regarding painters will be settled by Wednesday.

Here is a dentifrice you would have used long ago had your attention been called to it.

Albodon contains the highest percentage of actual cleansing and polishing properties of any article for the teeth obtainable, so it is certain to clean best, and that is the first purpose of a dentifrice.

It is more economical than other dentifrices because less of it is required for each cleansing.

A superior article in an improved package—see the new large, non-tossable cap!

**The May Manton Fashions**

NO prettier or smarter model for the spring coat could be suggested than this one. It is essentially child-like in effect and at the same time it shows new features. It can be made from one of a dozen materials to suit the fashion and the season. It is very simple, too, for it is full below the yoke, consequently there is no fitting required. The arrangement of the belt, that is passed under the plaits at the back, is novel. In the picture, the material is Shepherd's check with trimming of sage green broadcloth. The combination is well liked one, while the coat is essentially serviceable, but girls are wearing coats made of pongee, made of taffeta, made of broadcloth, made of lightweight serge and of the summer velvet that is shown in such very pretty colors and effects. Taffeta in a dark blue with trimming of beige would make a very handsome coat and at the same time a serviceable coat for summer wear. Lightweight velvet offered in beautiful checks as well as in plain colors and is exceedingly attractive for automobile-biding and for occasions of such sort. It is desirable, too, for the trip to the mountains or to the seashore, where the evenings are likely to be cool and a wrap of such weight in demand. Pongee is delightfully cool and agreeable to wear. It sheds dust and consequently it is especially well liked for travel. Natural colored pongee with trimming of the same material striped in blue and white or red and white would make a very smart little coat and at the same time a useful one. If it is lined throughout with tub silk, or left unlined, if desired for the hot season, it can be washed with perfect assurance of success. Wool jersey cloth is a pronounced favorite of the spring and summer seasons and it would make a very handsome little coat of this kind if a suitable color were chosen. The trimming always can be broadcloth or striped material on plain or plain on striped.

For the 12-year vest will be needed 4 yards of material 56 inches wide, 3 1/2 yards 41 or 2 1/2 yards 54, with 1 1/2 yard for the belt collar and cuffs. The pattern, No. 9059, is cut in sizes for girls from 8 to 14 years of age.
